Objective

Seeking an internship for the position of computer software engineer.

Education

Indian Hills Community College

Computer Software Development, A.A.S.

2023 – Current

I have just started my college journey with Indian Hills College. I am in my first term, and I have acquired very valuable skills over my stay in this college and these include a fair knowledge of Python, HTML5, CSS. I am excited to take my object-oriented languages in the winter term which include Java and Introduction to Database concept with the use of SQL, Oracle APEX and MySQL. I will also take COBOL and Cloud Foundation classes. As an adaptive learner I can learn any new language on the spot that will be helpful on the job and improve my skills to serve you better.

Skills

- Python
- CSS
- HTML 5

Languages

Fluent in both English and French
